Governance is such an important aspect of the Trust that it has, during this last year, appointed a Head of Governance who will ensure effective governance throughout the Trust. It includes, induction, training and support of the Board and Local Governing Bodies and ensuring the Governance Charter is effectively implemented.

The Trust Board has a broad range of experience and ensures that it has the appropriate skills required to provide effective strategic leadership and oversight, including financial stewardship.

The academy trust has opted into the Department for Education's risk protection arrangement (RPA), an alternative to insurance where UK government funds cover losses that arise. This scheme protects trustees and officers from claims arising from negligent acts, errors or omissions occurring whilst on academy business, and provides cover up to £10,000,000. It is not possible to quantify the Trustees and officer indemnity element from the overall cost of the RPA scheme.

The Trust's mission statement is 'together we make a positive difference'.

Our mission statement demonstrates our fundamental belief that we can achieve more together than separately. We believe that we will be able to provide the best possible education for local young people where our academies create a climate within which young people will thrive. We will achieve this through strong collaboration, through strong executive leadership and management, through excellent learning, teaching and assessment, where our teachers are expert in their fields, and where we have effective local governance, a professional approach to our business, and sound financial management.

We have built our vision around a triangular building block to represent 3 key values; excellence, reciprocity, and community. These summarise important principles for the Trust so that we are always aiming high, working together, and serving diverse communities. The triangle shape also represents dynamic strength, stability, and a solid foundation. Under a set of guiding principles, each academy within RMET is encouraged to innovate to find solutions, to explore, and to enrich the Trust as a whole. Each academy is required to develop a unique ethos and character reflecting its community and context rather than the Trust imposing a predetermined solution. Where academies however, require sponsored solutions or strong intervention we will put in pre

The Trustees confirm that they have complied with their duty to have due regard to the guidance on public benefit published by the Charity Commission in exercising their powers or duties.

The Trust supports schools, both inside and outside the Trust, through the National Support School status of two of its academies, delivery of professional development, through the Trust's Leicester Teaching School Alliance, and the sharing of effective practice and knowledge to ultimately benefit the wider community.

The Academy's public benefit is enshrined in its charitable objectives, which state "to play a role in the regeneration of communities that the academies serve by increasing the belief of parents and carers in the purpose and value of education and valuing the partnership with families and children."

RMET started the financial year with nil academies and ended the financial year with five academies. The Trust has developed a successful primary network, which includes collaborative working and mutual support. The RMET secondary academy and each RMET primary academy has their own Principal, apart from Northfield House who have had an Executive Head for the period from 1 November 2015. A Principal Designate from 1 February 2017 for Northfield House has been secured.

The Trust has developed both a primary and secondary School Improvement Focused Support and Intervention offer in addition to creating a School Improvement Framework.

All of the primary academies within the Trust were above floor target.

Rushey Mead Academy, the Trust's only secondary academy, exceeded national attainment levels and achieved 71.1% A*Cs in English and maths (BASICS) which was the academy's best ever result.

The % of pupils achieving EBacc was significantly higher at 50% than National Average of 24%. This is an improvement on 2015.

RMET's Investment Policy ensures that funds which the Academy Trust does not immediately need to cover anticipated expenditure are invested in such a way as to maximise income but without risk. Our aim is to spend the public monies with which we are entrusted for the direct education benefit of pupils as soon as is prudent. The Academy Trust does not consider the investment of surplus funds as a primary activity, rather it is the result of good practice as and when circumstances allow.

The purpose of the RMET Investment Policy is:

- To ensure adequate cash balances are maintained in the current account to cover day to day working capital requirements
- To ensure there is no risk of loss in capital value of any cash funds invested
- To protect the capital value of any invested funds against inflation
- To optimise returns on invested funds

Guidelines are strict and include:

Regular cash flow reports are to be prepared and monitored to ensure there are adequate liquid funds to meet all payroll related commitments and outstanding creditors that are due for payment.

Where the cash flow identifies a base level of cash funds that will be surplus to requirements these may be invested following approval from the Finance and Audit Committee. Approval must be signed off and recorded in the committee minutes.

In making decisions regarding where and how any surplus funds should be invested, due regard will be given to risk. The Finance and Audit Committee will set a maximum level of investment with any single provider. This decision will be recorded in the minutes of this committee.

The main bank account for each academy attracts interest at the current rate of 0.1% regardless of any separate investment. This interest is paid directly into the bank account of the individual academies and is a true reflection of the interest earned on their own balances.

Currently, it is expected that surplus funds will be invested with the existing banker Lloyds Bank in an instant access deposit account. There is potential for a better rate of return from investing a single value that may be a contribution from any combination of Academies. The interest accrued would then be distributed proportionally to each academy.

The Finance and Audit Committee will receive a report at each meeting as to the performance of the investment.

The Chief Financial Officer will research alternative sources of investment return at least twice a year and will report to the Finance and Audit Committee the options available. Any decision to diversify the investments must be recorded in the minutes of this committee. in ntuica9ine

The Finance and Audit Committee will consider the ethical and moral standing of any si fig 0 . vaa nis Banka

As Trustees, we acknowledge we have overall responsibility for ensuring that Rushey Mead Educational Trust has an effective and appropriate system of control, financial and otherwise. However such a system is designed to manage rather than eliminate the risk of failure to achieve business objectives, and can provide only reasonable and not absolute assurance against material misstatement or loss.

The Board of Trustees has delegated the day-to-day responsibility to the Chief Executive Officer, as Accounting Officer, for ensuring financial controls conform with the requirements of both propriety and good financial management and in accordance with the requirements and responsibilities assigned to it in the funding agreement between Rushey Mead Educational Trust and the Secretary of State for Education. They are also responsible for reporting to the Board of Trustees any material weaknesses or breakdowns in internal control.

C < F " f i L + L ; "

The information on governance included here supplements that described in the Trustees' report and in the Statement of Trustees' responsibilities. The Board of Trustees has formally met 5 times during the year. Attendance during the year at meetings of the Board of Trustees was as follows:

Trustee	Meetings attended	Out of a possible
Anthony Glover	5	5
Carolyn Robson	4	5
Rita Hindocha	4	5
Rachael Clarke	3	5
Zoe Conneally	4	5
Colin Forknall	5	5
Margaret Taylor	4	5
Jill Wilkinson	2	5
Cathy Brown	5	5
Alison Greenhill	0	0
Trevor Pringle	0	0

On 6 June 2016, Cathy Brown resigned from her position of Trustee because she took up post as Head of Governance for RMET. Since then, RMET identified a lack of business and financial expertise on their Board and have since started the recruitment process for a Trustee with such expertise.

The Finance and Audit Committee is a Committee of the main Board of Trustees. Its purpose is to incorporate the role of an Audit Committee; monitor, evaluate and review policy and performance in relation to financial management; to ensure compliance with reporting and regulatory requirements and reporting; to receive reports from the Responsible Officer; and to work with each of its academies to draft their annual budgets, including setting staffing levels. Whilst Local Governing Bodies draft their annual budget and set their own staffing levels, the RMET Board of Trustees has overall responsibility of approving or not approving these recommendations prior to submission to the EFA by 31 July each year.

Attendance at meetings in the year was as follows:

Trustee	Meetings attended	Out of a possible
Cathy Brown	1	1
Rachael Clarke	1	1
Colin Forknall	1	1

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or

the financial statements are not in agreement with the accounting records and returns; or

certain disclosures of Trustees' remuneration specified by law are not made; or

we have not received all the information and explanations we require for our audit.

In the course of our work, nothing has come to our attention which suggests that in all material respects the expenditure disbursed and income received during the year 1 September 2015 to 31 August 2016 have not been applied to purposes intended by Parliament and the financial transactions do not conform to the authorities which govern them.

The LGPS is a funded scheme and the assets are held separately from those of the academy trust in separate trustee administered funds. Pension scheme assets are measured at fair value and liabilities are measured on an actuarial basis using the projected unit credit method and discounted at a rate equivalent to the current rate of return on a high quality corporate bond of equivalent term and currency to the liabilities. The actuarial valuations are obtained at least triennially and are updated at each balance sheet date. The amounts charged to operating surplus are the current service costs and the costs of scheme introductions, benefit changes, settlements and curtailments. They are included as part of staff costs as incurred. Net interest on the net defined benefit liability/asset is also recognised in the statement of financial activities incorporating income and expenditure account and comprises the interest cost on the defined benefit obligation and interest income on the scheme assets, calculated by multiplying the fair value of the scheme assets at the beginning of the period by the rate used to discount the benefit obligations. The difference between the interest income on the scheme assets and the actual return on the scheme assets is recognised in other recognised gains and losses.

Actuarial gains and losses are recognised immediately in other recognised gains and losses

The conversion from a state maintained school to an Academy Trust involved the transfer of identifiable assets and liabilities and the operation of the school for £NIL consideration. The substance of the transfer is that of a gift and it has been accounted for on that basis as set out below.

The assets and liabilities transferred on conversion from Rushey Mead School, Northfield House Primary School, Knighton Fields Primary School, Willowbrook Primary School and Thurnby Lodge Primary School to the Academy Trust have been valued at their fair value. The fair value has been derived based on that of equivalent items. The amounts have been recognised under the appropriate balance sheet categories, with corresponding amounts recognised in 'Donations and capital grants - transfer from Local Authority on conversion' in the statement of financial activities incorporating income and expenditure account and analysed under unrestricted funds, restricted general funds and restricted fixed asset funds.

On conversion and simultaneous entry into the Academy Trust, the Academy was gifted property from Leicester City Council with respect to each school. This was valued at depreciated replacement cost by the Education Funding Agency (EFA) at the date of conversion or alternate methods which are detailed in note 13. The amount is included in the appropriate fixed asset category and depreciated over the useful economic life in accordance with the academy's policies. Other Fixed Assets have been valued on a the basis of open market value as at the date of conversion, by the Trustees.

The pension liability inherited on conversion has been included at the valuation determined by the pension scheme actuary at the date of the conversion.

Further details of the transaction are set out in note 22.

On 1 November 2015 Rushey Mead School converted with Northfield House Primary School to Academy Trust status under the Academies Act 2010 and all the operations, assets and liabilities were transferred to Rushey Mead Educational Trust from Leicester City Council for £NIL consideration. During the period Knighton Fields Primary School and Willowbrook Primary School joined the Academy Trust on 1 June 2016 with the addition of Thurnby Lodge Primary School on 1 July 2016.

The transfer has been accounted for as a combination that is in substance a gift. The assets and liabilities transferred were valued at their fair value and recognised in the balance sheet under the appropriate headings with a corresponding net amount recognised as a net gain in the statement of financial activities incorporating income and expenditure account as 'Donations & capital grants - transfer from Local Authority on conversion'

The following table sets out the fair values of the identifiable assets and liabilities transferred and an analysis of their recognition in the statement of financial activities incorporating income and expenditure account.
